**FY 2016 - 2019 Transportation Improvement Program
Project Financial Constraint & Prioritization**

Staff Report
February 10, 2015

During the development of a new Transportation Improvement Program (TIP), the Technical Transportation Committee reviews the requests for federal funds (Surface Transportation Program (STP), Highway Safety Improvement Program (HSIP) and Transportation Alternative Program (TAP) Funds). The committee then chooses which projects to fund and then financially constrains the list.

With INDOT's change in policy about how to spend our federal funds, the task of prioritizing and fiscally constraining has already been accomplished by our Five Year Production Schedule. Therefore APC staff requests that the Committee approve the prioritized and financially constrained list for the FY 2016-2019 TIP as shown in the Five Year Production Schedule.

ACTION: Approve the list of projects for the FY 2016 - 2019 TIP as shown in the Five Year Production Schedule.

Prioritizing INDOT Projects

In previous TIPs, the Technical Transportation Committee recommended several INDOT projects that are a priority to the community. The recommendation did not include safety and maintenance projects. Staff recommends that the Committee continue this practice.

Staff reviewed INDOT's project list, the current TIP and the 2040 Metropolitan Transportation Plan and recommends the following projects be shown as a priority to the community:

<u>State Road</u>	<u>Des #</u>	<u>Location</u>	<u>Type of Project</u>
SR 26	0012950	1.12 to 4.71 mi. east of I-65	Pavement Replacement
SR 43	0012940	SR 225 to SR 18	Road Replacement
US 52	0400774	Bridge over Wabash	Bridge Replacement
US 52 (Teal Rd)	0800132	0.4 to 3.1 mi. north US 231	HMA Overlay
